ALM GROUPS • HORIZON OF WISHES

251-Acre Integrated Township

Detailed Project Report — Investor & Lender Presentation

251 Acres • 10.04 Mn Sq.Ft. • ₹10,597 Cr GDV

+91 80929 01111

ALM GROUPS

HORIZON OF WISHES

Residential | Commercial | Institutional | Equestrian | Lifestyle

A self-contained township destination

251	10.04 Mn	₹5,555	₹10,555
Acres	Sq.Ft. project area	Dev. cost / sq.ft.	Selling value / sq.ft.

Project Profile

Project: ALM Integrated Township

Developer: ALM Groups

Land conversion: 1 acre = 40,000 sq.ft. (project-specific)

Format: Planned, gated, mixed-use development

Concept Components

- Residential & plotted
- Commercial & retail
- Clubhouse
- Schools
- Hospital / healthcare
- Landscaped gardens
- Equestrian facilities
- Sports & recreation
- Internal roads
- Utility infrastructure
- Security & gated access
- Community facilities

Nine principles guiding the township

01 Develop the entire 251-acre parcel as an integrated township

02 Create planned residential and plotted communities

03 Provide substantial green and recreational infrastructure

04 Establish commercial and institutional facilities for residents

05 Create a premium lifestyle environment

06 Develop internal roads and complete utility infrastructure

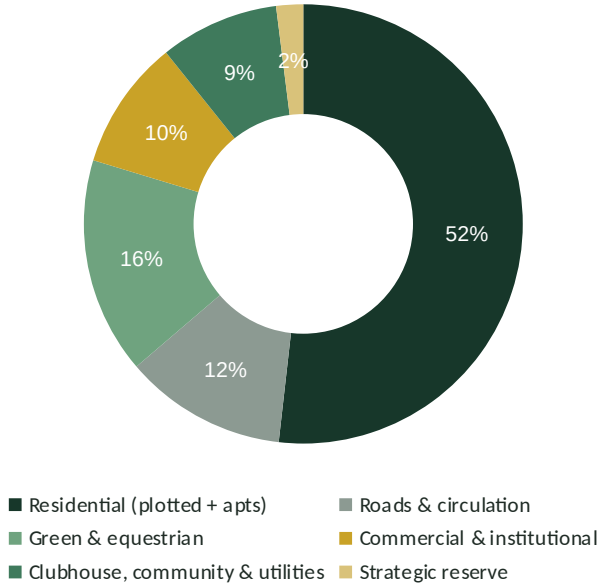

07 Implement through clearly defined development phases

08 Create multiple revenue streams beyond residential sales

09 Build a long-term residential, commercial & recreational ecosystem

Land-use allocation across 251 acres

Component	Acres	Share
Residential / plotted development	100	39.8%
Residential apartments / higher-density	30	12.0%
Roads & circulation	30	12.0%
Parks & landscaped green areas	20	8.0%
Equestrian / horse-riding zone	20	8.0%
Commercial & retail	12	4.8%
Institutional — school, healthcare etc.	12	4.8%
Clubhouse & sports facilities	12	4.8%
Utilities / infrastructure	5	2.0%
Community / multipurpose facilities	5	2.0%
Future development / strategic reserve	5	2.0%
TOTAL	**251**	**100%**

Conceptual allocation only — final land-use percentages subject to licensed architect, surveyor, planning authority and development regulations.

An aerial view of the township

251 acres • Residential, commercial, institutional, sports & equestrian zones

Artist's impression — conceptual illustration, not to scale. Final layout subject to approvals.

Multiple product categories, not a single inventory

A. Premium Plotted

- Residential plots
- Premium plots
- Corner plots
- Garden-facing plots
- Larger luxury plots
- Villa plots

B. Villas / Row Houses

- 2 BHK villas
- 3 BHK villas
- 4 BHK villas
- Premium independent villas
- Row houses

C. Apartments

- 1 BHK / 2 BHK / 3 BHK
- Premium apartments
- Clubhouse-facing residences
- Green-facing residences
- Subject to FSI / FAR

Apartment density to be fixed only after confirmation of FSI/FAR, zoning, road-width requirements, fire norms, parking and sanctioned development potential.

A three-tier amenity hierarchy

Signature

- Grand clubhouse
- Swimming pool
- Fitness centre
- Spa / wellness centre
- Multi-purpose hall
- Restaurant / café
- Sports complex
- Equestrian centre
- Central landscaped park

Sports

- Cricket ground
- Football ground
- Tennis courts
- Basketball courts
- Badminton
- Indoor sports
- Jogging / walking tracks
- Children's play areas

Community

- School
- Healthcare / clinic / hospital
- Convenience retail
- Grocery / supermarket
- Pharmacy
- Cafés / restaurants
- Community centre
- Senior citizen zone
- Kids' activity centre

A signature horse-riding destination

Proposed Facilities

- Riding arena
- Training arena
- Stables
- Horse paddocks
- Veterinary facility
- Riding school
- Equestrian clubhouse
- Visitor facilities
- Horse-care facilities
- Landscaping
- Internal equestrian tracks

Reconciliation Required

55 ac brochure

20 ac master plan

The final DPR must confirm the equestrian area. The acreage must not be double-counted in any other land-use category.

A clear hierarchy of movement

Primary Road

Main township entry • Grand entrance boulevard • Central spine road • Commercial access

Secondary Roads

Residential sector roads • Institutional access • Amenity access

Internal Roads

Plot access • Apartment access • Service roads

Pedestrian

Footpaths • Cycle tracks • Jogging tracks • Universal accessibility • Safe crossings

Dedicated Parking Plans

- Apartments
- Villas
- Commercial areas
- Clubhouse
- School
- Hospital
- Visitors
- Events
- Equestrian facilities

A closed-loop water-management system

Proposed Infrastructure

- Underground water network
- Elevated water tanks
- Underground reservoirs
- Sewage treatment plant
- Rainwater harvesting
- Storm-water drainage
- Recycled-water network
- Landscape irrigation network

Treated Wastewater Reuse

- Landscaping
- Flushing
- Irrigation
- Other permitted non-potable uses

Reliable, smart and future-ready utilities

- Dedicated electrical substation
- HT / LT distribution
- Underground cabling where feasible
- Transformer stations
- DG backup for critical infrastructure
- Solar-energy integration
- Street lighting
- Smart metering
- EV charging infrastructure
- Fibre-optic connectivity
- CCTV network

Positioned as a smart gated township

Integrated Township Control Room

One command centre linking surveillance, access, fire and emergency response.

01
Main security gate

02
Secondary service entrance

03
CCTV surveillance

04
ANPR / vehicle recognition

05
Visitor management

06
Access-control system

07
Emergency response centre

08
Fire alarm network

09
Public-address system

Essential social infrastructure within the township

Healthcare & Emergency

- Primary healthcare centre
- 24×7 emergency response
- Ambulance facility
- Pharmacy
- Diagnostic centre
- First-aid facilities
- Fire station / fire response (as required)

Larger hospital: developer-operated, or through a healthcare operator / JV.

Education

- Pre-primary school
- Primary school
- Secondary school
- Senior secondary school
- Day-care facility
- Activity centre

School can be operated through a third-party education partner.

Recurring income alongside residential sales

Mixed-use revenue model

The commercial district is designed to serve residents and visitors while generating long-term lease and operating income for ALM Groups.

High-street retail	Shopping centre	Supermarket
Restaurants	Cafés	Offices
Co-working	Banks / ATMs	Pharmacy
Salon / spa	Convenience stores	Service apts / hotel

A five-phase roll-out

I — II — III — IV — V

Foundation

40–45 ac

- Main entrance
- Primary roads & utilities
- Initial plotted development
- Sales office
- Clubhouse phase I
- Initial landscaping

Residential Expansion

45–50 ac

- Additional plots
- Villas & apartments
- Parks
- Internal roads
- Retail

Lifestyle & Commercial

~50 ac

- Commercial district
- Larger clubhouse
- Sports facilities
- School & healthcare
- Premium residential

Premium Township

~50 ac

- Premium residences
- Luxury villas
- Equestrian facilities
- Signature amenities
- Larger green spaces

Completion

Balance

- Remaining inventory
- Institutional facilities
- Commercial expansion
- Final infrastructure
- Township completion

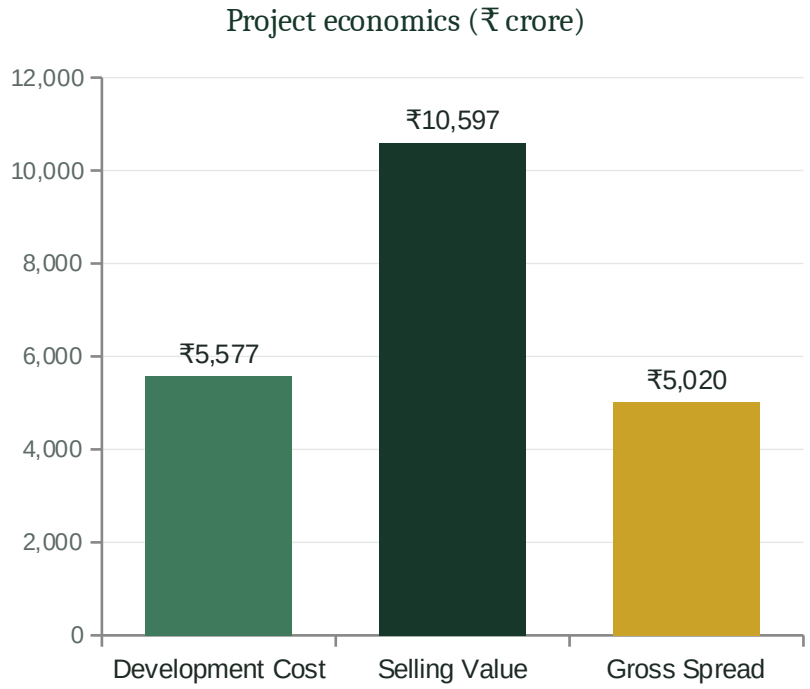

₹5,020 crore gross spread on base assumptions

Total Project Area
251 ac × 40,000 sq.ft.
10,040,000 sq.ft.

Development Cost
10.04 Mn sq.ft. × ₹5,555
₹5,577.22 Cr

Indicative Selling Value
10.04 Mn sq.ft. × ₹10,555
₹10,597.22 Cr

Gross Spread
₹5,000/sq.ft. • 47.37% of selling price
₹5,020 Cr

Base cost kept separate from add-on costs

BASE DEVELOPMENT COST

₹5,555

per sq.ft. × 10.04 Mn sq.ft.

Mandatory base assumption. Additional expenses are modelled separately to avoid double-counting.

Additional Project Costs — modelled separately

- Land acquisition / landowner settlement
- Government charges
- Statutory approvals
- Architect / consultant fees
- Finance cost
- Marketing
- Sales commissions
- Legal expenses
- Taxes
- Contingency
- Corporate overhead
- Infrastructure contribution
- RERA-related expenses
- Pre-operative expenses

Eighteen revenue channels across four tiers

Primary

- Residential plots
- Villas
- Apartments

Secondary

- Commercial property
- Retail
- Offices
- Institutional development

Recurring

- Clubhouse membership
- Maintenance
- Commercial leases
- Parking
- Advertising
- Sports facilities
- Equestrian facilities

Strategic

- Hotel / service apartments
- School partnership
- Hospital partnership
- Commercial JV

One township, many buyer journeys

“A self-contained integrated township combining residential living, green spaces, sports, education, healthcare, commercial facilities and premium lifestyle amenities.”

All location, infrastructure and connectivity claims to be independently verified before inclusion in investor-facing material.

- End users
- Investors
- NRIs
- HNIs
- Professionals
- Business owners
- Retirement buyers
- Second-home buyers

Verification before any bank or investor pitch

Land & Title

- Land title
- Encumbrance
- Development rights
- Survey boundaries
- Road access

Planning & Zoning

- Zoning
- NA status
- Land-use conversion
- FSI / FAR
- TDR applicability

Environment & Safety

- Environmental permissions
- Water permissions
- Fire approvals
- Airport / height limits
- Pollution control

Sanctions & Registration

- Local authority approvals
- RERA registration
- Layout sanction
- Building permissions
- Infrastructure permissions

Brochure statements on airports, highways, bullet train, MIDC/MADC, hospitals and other external infrastructure are to be presented as facts only after documentary confirmation.

Five connected volumes for a bankable DPR

Vol 1	Main DPR	50–70 pages
Vol 2	Master Plan	Land-use, sectors, roads, zones
Vol 3	Financial Model	CAPEX, cash flow, IRR, sensitivity
Vol 4	Technical DPR	Water, STP, power, roads, fire
Vol 5	Investment Deck	15–20 slides
